

Byggvarubedömningen's Application form

Byggvarubedömningen's Application form meet the requirements regarding chemical content in coherence with eBVD2015.

WD4 WALLSTYL®

1. General information

Supplier information	
Supplier	nmc SA
Contact person at Supplier	Katharina Stas
E-mail address to contact person	katharina.stas@nmc.be
Phone number to contact person	003287858891
Manufacturer (if other than supplier)	

2. Product information

Product	
Product name	WD4 WALLSTYL®
City and Country for production of product	Eynatten, Belgium
Country for raw material recovery	German
Product description	Chair rail for interior application
BSAB	A - Sammansatta produktionsmaterial
BK04-code	03507 Trälist - Behandlad
Type of product	
Type of product	Article
Area of use	Indoor
Has a Declaration of performance, in accordance with European Construction Products Regulation (EU) nr 305/2011, been prepared for the product?	No

3. Declaration of contents

Candidate List	
Does the product or any of its subcomponents contain so called Substances of Very High Concern (SVHC), which are included in the Candidate List at a concentration ≥ 0.1 weight%?	No

State the date (year, month, day) for control of the Candidate List	2024-09-16
Restriction list	
Does the product (or any of its components) contain substances listed in the restricted list?	No
Specify the date for cross-referencing against the restriction list	2024-09-16
POP's regulation	
Does the product (or any of its components) contain substances listed in the POP's regulation list?	No
Specify the date for cross-referencing against the POP's regulation list	2024-09-16
Nanomaterials	
Does the product contain any nanomaterial that has been purposefully added to achieve a specific function?	No
Per- and polyfluoroalkyl substances (PFAS)	
Does the product contain any per- and polyfluoroalkyl substances (PFAS) that has been purposefully added to achieve a specific function?	No

4. Included materials and raw materials

Included materials and raw materials	
Does the product contain recycled material?	No

5. Production phase

Questions related to production	
Has an Environmental Product Declaration (EPD) according to ISO 14025 and EN 15804 (or equivalent for other product groups) been prepared for the product?	No
Has another type of environmental product declaration been prepared?	No

6. Describe the management of packaging for distribution of the product

Describe packaging of product when distributed	
Packaging material	The product is packed in cardboard boxes
Specify the packaging material used and which system of producer responsibility for packaging the supplier is affiliated to	

State whether any system for taking back or recycling packaging or any other specific return system is used	
Enter the proportion (%) of recycled material, if any, included in the packaging	recycled content 85%
Comment	the cardboard boxes are certified FSC Mix 70%

7. Construction and usage phase

Construction and usage phase	
Estimated technical life for the product	
Are there any special requirements such as storage conditions for the product during storage?	Yes
Please describe	Required storage temperature: +10°C < +25°C. Relative humidity: 45% to 65% - Flat, sheltered from the sun and from humidity. Protect from frost.
Are there any special requirements for adjacent building products because of this product?	No
Please describe	

8. Waste handling

Waste management of product	
Does the product require special measures to protect health and the environment in conjunction with demolition/dismantling?	No
Is it possible to re-use all or parts of the product? (Can the product be reused within the product's expected lifetime?)	No
Please describe	
Is material recycling possible for all or parts of the product when it becomes waste?	No
Please describe	
Is energy recycling possible for all or parts of the product when it becomes waste?	Yes
Please describe	
Does the supplier have any restrictions and recommendations for reuse, material- or energy recycling or disposal?	No
Please describe	
When the supplied product becomes waste, is it classified as hazardous waste?	No
Please specify waste codes for non-hazardous waste	02 01 04

Is the product covered by the WEEE-directive 2012/19/EU (Swedish ordinance (2014:1075) on Producer Responsibility for electrical and electronic products when it becomes waste?	No
Please describe	

9. Indoor environment

Indoor environment	
Has the product a critical moisture condition?	No
Has emission data been produced for volatile organic compounds?	Yes

Certificate of substance content and concentrations

It is hereby certified for the product that

- Concentrations of the constituent substances have been reported down to a percentage by weight (wt%) of 0,01.
(This implies a complete declaration of contents in which all substances present in concentrations of $\geq 0,01$ wt% have been reported.)
Substances that are subject to specific concentration limits $< 0,01$ wt%: These substances are reported if they occur in concentrations up to 10 times lower than their specific concentration limit. (This means that if a substance's specific concentration limit is 0,0015 wt%, concentrations $\geq 0,00015$ wt% are to be reported.)
Actively added or contamination of mercury has been reported regardless of concentration.
Cadmium is reported in cases of $\geq 0,001$ wt%.
- Concentrations of the constituent substances have been reported down to 0,1 wt%.
(This implies a complete declaration of contents in which all substances of concentrations $\geq 0,1$ wt% have been reported.)
Substances that are subject to specific concentration limits $< 0,1$ wt% have been reported when they occur. (This means that if a substance's specific concentration limit is 0,0015 wt%, concentrations $\geq 0,0015$ wt% are to be reported.)
-Actively added or contamination of mercury has been reported regardless of concentration.
-Cadmium is reported in cases of $\geq 0,01$ wt%.
- None of the above alternatives but I have followed the instructions for Declaration of content, Byggsvarubedömningens reporting requirements 2019-1 (Annex 1. Table 1)

I have followed Byggsvarubedömningens reporting requirements 2019-1 (Annex 1. Table 1) equivalent to:

- Accepted level
 Recommended level

Specifically indicated substances

Does the product contain any of the below listed substances or has any of the below listed substances been added during production phase or formed through reactions between the substances in the product?

Substance group/Substance

Arsenic and its compounds

Brominated flame retardants

Per- and polyfluoroalkyl substances (PFAS)

Organotin compounds

Biocidal product applied on products (surface treatments) to provide a disinfectant or anti-bacterial effect.

Arsenic, or arsenic compounds, are not permitted to be added to the product. Contamination of used raw materials is not permitted to exceed 10 mg/kg. The concentration limit is set based on regulatory requirements for soil quality to ensure that products assessed as Recommended do not raise background concentrations through their use or disposal (for example; sludge from sewage treatment works Swedish Ordinance 1998:944, Section 20). The same concentration limits are found in the Swedish Environmental Protection Agency's general guidelines for sensitive land use. <https://www.naturvardsverket.se/Stod-i-miljoarbetet/Vagledning/Fororenade-omraden/Riktvarden-for-fororenad-mark/>

- Yes
 No

Verification

- I Katharina Stas hereby certify that the above data given in section Certificate of substance content and concentrations, is correct to my best knowledge.
